BiblioGov. Paperback. Book Condition: New. This item is printed on demand. Paperback. 22 pages. Dimensions: 9.7in. x 7.4in. x 0.1in. Pursuant to a congressional request, GAO provided information on the National Science Foundations (NSF) indirect costs, focusing on: (1) indirect cost guidance that NSF provides to grant recipients; (2) NSF procedures for establishing indirect cost rates; and (3) the extent to which NSF audit guidelines and audits cover indirect cost charges. GAO found that: (1) NSF has issued new indirect cost guidance that provides overall grant guidance and requirements, but does not cite applicable Office of Management and Budget (OMB) circulars and federal regulations on charging indirect costs; (2) NSF procedures for reviewing indirect cost rate proposals appear to be adequate; (3) review procedures include examining management and accounting system information for adequate controls and reviewing proposals for compliance with federal regulations by identifying and excluding categories of unallowable costs; (4) NSF audit guidelines for both contractor- and NSF-conducted audits include steps for examining the recipients actual charged indirect costs and appear adequate; and (5) it believes that, to prevent unallowable or inappropriate costs from being charged to the government, adequate controls and proper oversight should be in place to detect...
